MEMORANDUM FOR: Acting Director of Security

SUBJECT : Office of Security Statistical Report for JANUARY 1960

1. The attached tables and charts reflect some of the activities of certain components of the office during January 1960.

2. The statistics in the tables are compiled by the components concerned and refer to the current month.

3. The charts are prepared in this office from the statistics in the tables. In order to provide for a comparison of the accomplishments, workloads, and activities of January 1960 with similar items during 1959, a chart covering 1959 has been inserted following each chart in the report for January 1960. A new element is being presented in Chart #9 to show the number of agents used on investigative and support assignments. This element was not shown during 1959 but the 1959 chart has been brought up-to-date with the data on this element for comparison with the 1960 chart. A minor change has been made in Chart #10 which will present the number of security personnel in training by a solid line, using the dotted line for per cent participation in man hours.

4. Following are noteworthy items for the month:
